

Property Review Group Decision

LNE-KXP-124-1 Fletton, Former Goods Yard

Dear Consultee,

During 2006 we consulted on possible transport uses for this property and would like to thank you for your responses.

Possible use in connection with upgrading the East Coast Main Line was identified by consultees. Following further discussion with Network Rail it was established that they own sufficient land to enable the former Up Slow line on the east side of the main line to be reinstated.

Following consideration of the issues Property Review Group has determined that the property be released for open market sale.
